Show Secretary and GDB Carol Mortimer

C handlers, sorry that there is no training class specially for you but a real chance to iron out any ring related problems prior to the 2022 shows in our training ring.

These classes do not count towards any progression in Open Obedience shows.

You can talk to your dogs all the way through the exercises at **all** levels

Toys can be carried but not overtly visible at all levels. The toy can be played with the dog between exercises in the ring.

Food can be carried in the ring but not overtly visible to the dog nor can it be given/thrown in the ring at all levels. There will be a separate area next to the ring where food can be given to the dog between exercises.

Remember that traffic may be heavy as this is a holiday resort
